Leading LIGHT

With the FX Luminaire
DESIGNER SERIES,
the possibilities are endless

UNLIMITED DESIGN
POTENTIAL

INTEGRATED LED LIGHTING

FX Luminaire lighting systems offer the very latest LED landscape lighting technology and digital lighting control with zoning, dimming, color temperature, and beam angle options.

BRING NIGHTTIME
LIVING SPACES TO LIFE

LUXOR SYSTEM

When Luxor controls an LED landscape lighting system, lights don't simply turn on and off. They come alive! As FX Luminaire's premium lighting control option, Luxor is the most advanced and flexible low-voltage landscape lighting transformer on the market. Luxor incorporates zoning, dimming, and color capabilities into a single control system using a simple two-wire path installation.

WIRELESS CONTROL

The Luxor app provides ultimate flexibility and convenience for remote lighting management. With the app, you can adjust fixture intensity and color, create unique themes, and fine-tune your color palette for special occasions — from anywhere!

The Right LIGHT

*for Every Project
and Budget*

FX Luminaire's convenient fixture classification system is based on material construction, performance, and price. It helps you quickly identify common fixtures and create superior lighting packages for any budget.

WE BUILD QUALITY AND RELIABILITY INTO EVERY PRODUCT

As the global leader in outdoor lighting solutions, FX Luminaire manufactures a wide range of traditional and specialty fixtures, transformers, controllers, and accessories for projects of all scopes and budgets. All FX Luminaire products are designed with the highest-quality materials and backed by industry-leading customer support, comprehensive online training, and a commitment to sustainable resource use.

Multiple shroud options

Interchangeable lens for 20°, 35°, and 60° beam angles

Interchangeable lens for 2,700K, 3,900K, 4,500K, and 5,200K

Built-in zoning, dimming, and color with Luxor® technology and specified LED board

Additional protection from moisture wicking through cable

Thermal management incorporated into mechanical design

Consistent, notched angle adjustment

½" male thread for accessory compatibility

The FX Luminaire Designer Series offers lighting designers unparalleled control to create elegant, distinct designs for every installation. The series includes traditional, modern, and niche fixtures built with integrated LEDs. All Designer Series fixtures are compatible with our flagship Luxor® technology, which allows you to zone, dim, and add color to individual or groups of fixtures.
